

The word "Frenzy" is written in a bold, blue, stylized font. The letters are thick and have a slightly irregular, hand-drawn appearance. The letter 'F' is particularly large and prominent. The word is set against a background of a bright blue starburst or explosion shape, which is composed of many sharp, radiating lines. The starburst is surrounded by several layers of lighter blue, torn-paper-like shapes that give it a sense of depth and movement. A cartoon character is integrated into the word, appearing to be inside the letter 'n'. The character has a white face with large, expressive eyes, a small black smile, and thin, stick-like limbs. It is making a peace sign with its right hand and has its left hand near its mouth. The overall style is energetic and playful.
